

LABORATORY LABELS

Technical data sheet

FACE MATERIAL:

- Description** Woodfree machine finished label
- Use** Multifunctional information labelling for ink-jet, laser and photocopiers. Flexible face material, optimal for hospital/laboratory applications.

TECHNICAL DATA	Weight	Caliper	Opacity
	g/m2	Microns	%
	56	65	88

ADHESIVE:

- Description** Universal, permanent adhesive
- Performances** Very good heatresistance, which enables troublefree performance in different printers. Good adhesion also at low temperatures.
- Shelf life** 2 years under the following storage conditions: 20°C and 50% RH

TECHNICAL DATA	Tack (min)	Application Temperature (min)	Service Temperature (min)	Service Temperature (max)
	N	°C	°C	°C
	9	5	-20	100

BACKING PAPER:

- Description** White woodfree kraft backing paper
- Application** Application where thin backing is needed, for information labelling e.g. A4 copy laminates

TECHNICAL DATA	Weight	Caliper
	g/m2	Microns
	51	54

Our recommendations are based on our experience and up-to date knowledge. As the products are used outside our control, we cannot take the responsibility for any damage which could be caused when using the product. This technical information sheet replaces all ealier ones. All information could be changed without notice.
